Shortridge Victory Means Phelan's Election, Say Drys

Disappointment over the defeat, by fifteen of them. This is a vio-of A. J. Wallace in the fight for Re-publican candidate for United States publican candidate for United States senatorship on Tuesday is expressed by the dry forces of the state. The Anti-Saloon League, through its president, Rev. Arthur H. Briggs, MARION, O., Sept. 2.—Putting his ridge insures the re-election of Sen-

The senatorial primary election was a disappointment to the unite forces of California beca. we knew A. J. Wallace, if elected would have served the state California well in the senate and would have been a distinct and valuable addition to the strength of the "drys" in the national congrees.

Certain aspects of the election are worth noting, however, in order that friends of prohibition may not be confused. A considerable part of the electorate did not regard prohibition as the most important issue. Some of those who did regard it as important were misled by certain prohibition leaders into opposition to the course adopted by the united dry forces. Such a thing will not be possible a second time.
WAVE OF REACTION SEEN.

The nomination of Shortridge is primarily a warning or an indication that the wave of reaction has assumed considerable proportions. The nominee stood squarely on a reactionary platform. He repre-sents the feeling that we have had a surfeit of progress.

There were two elements in the

fight against Wallace which we could not successfully combat in the face of the general apathy of the public. One of these was the use of money. Shortridge himself is not rich, but he had very rich backing. As much or more money was spent in the interest of Kent. We do not intiinate that any par-ticular expenditure of either of these candidates was illegal wrong, but such a free use money, even for so legitimate purpose as publicity, tends to nullify the purpose of the direct primary. In other words, it makes a poor man's chances of success almost nil.

The other element which we had to combat, and Kent had the same obstacle to neet, was the indorsement of Shortridge by county central committees. He was indorsed in California. County central committees are not for the purpose of selecting candidates, as was said once by Will Hays of the Republican national committee, but for the purpose of electing themafter the people have made their choice at the number

PRECEDENT VIOLATED. A precedent was violated in fa-vor of Shortridge It was violated by "the organization" and is the best sort of proof that Shortridge is the candidate of "the organiza-tion." In other words, "the organization" of the California Republicans, which for ten years has been a party of progress, has deserted its post in order to ally itself with

reaction.
Our concern is the success of the prohibition policy, that is to say a fair enforcement of the Voistead act, The progressive spirit in people of all parties made prohibition possible. Therefore it does concern us to make sure that the forces of faction do not undo what has been done. The mathematics of the dry campaign proved that neither Kent

nor Shortridge could beat Phelan in the finals. The Republican party had its choice between Phelan, a Democrat, and Wallace, a distinguished Republican. The Republican party has chosen Phelan. The Letters of Tessie and Joe

Joe is a traveling salesman. Tessie is his loving wife. Follow their letters in The OAKLAND TRIBUNE.

I expected that blow about the increase of rent, but nevertheless that didn't break its force any to speak of. They say it's the unexpected that always happens but I haven't heard of any landlords reducing the cent, and I've traveled pretty extensively. I suppose if any landlord did that they'd put him away in a booby hatch for safe keeping, which only goes to prove the old expression that when you're in Rome you got to do the other Romans before they do you.

Not that I wish the landlords any good luck, though they seem to o cornered it all without waiting for any wishes, but it's human nature to grab as much as you see the next fellow grabbing and the devil take the hindmost, meaning the tenant. And though I regret to say I'd probably be a profiteer myself if Phad the chance, which I unfortunately haven't, nobody excuses the landlords less than I do. I'd like to see them all lined against a stone wall at sunrise and riddled full of excess profit taxes. Not that that would bring me anything, but us poor men don't have many luxuries and one of the most luxurious is to see a rich man lose some of his.

It's too bad the baby's first tooth was a false alarm. Are you sure you looked thoroughly? Maybe one's coming in away in the back somewheres. By the way, I hope you're not letting him be kissed by every Tom, Dick and Harry. Strange people in the street are libel to try to kiss him, not that wild horses could ever of pulled me that close to anybody else's baby, but our kid looks different somehow and I wouldn't blame jealous strangers for trying to grab a kiss. I just wanted to let you know that I don't approve of it. Besides the danger from strange germs it's libel to put sentimental ideas into his head. I don't want my son to grow up into a sissy who sits on the floor to put his stockings on. Watch that, will you, Tessie? Your affectionate husband.

called "KOTALKO." Others—men and women—have reported remerkable aid to hair
growth, relief from dandruff,
tessation of falling hair by using Kotalko.

In a vast number of cases, when hair fails out,
the roots are not dead, but remain for some
time imbedded in the aralo, like seeds or builts,
needing only fertility. The usual hair conics, etc.,
are of no avail. The indians' method is purrossed to bourlsh the hair and stimulate the
growth. It costs so little to try Kotalko it would

FAINTING AND The Cause of such Symp-

poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and Liver Pills which I saw advertised in the papers and in your little books.

I took about 12 bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can."—Mrs. R. E. DEMING, 437 W. Lafayetto Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Moreover, this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extractives of the native roots and herbs which it contains.

DAUGHTER OF FOSS CAN'T BE PAID FOR WORK

Miss L. R. Foss. daughter of Fred Foss, county treasurer, has been denied \$150 pay for work in the office of her father as the result of Section 841 of the civil code, unearthed by Edward Gar-rison, county auditor, at the instance of a citizen and advice of Ezra Decoto, district attorney. Miss Foss is 19 years old. The code says persons under 21 may not be appointed to public office. Treasurer Fess says he was not acquainted with the provision when he appointed his daughter.

A NEW VISITING POET.

One by one the poets who are making a name for the merits or startling qualities of their verse are dropping in on the Eastbay cities to meet with a widening circle of appreciative souls and to find that inspiration which others have learned is here for the seeking.

Vachell Lindsay, Witter Bynner, Helen Hoyt and Mary Caroline Davies have been recent visitors. Alfred Kreymborg is the latest. Due to the efforts of Bynner and Miss Hoyt there have de veloped circles of young people in Berkeley and Oakland who are making a serious study of the art and out of those groups has come vindication of the belief that in youth there is poetry. Within the half year some of these students have made worth-while contributions and have shown a promise heralded by their instructors as no less than astonishing. There is almost no issue of that ambitious little booklet, "Poerry," that does not contain a song from Berkeley.

To many Kreymborg is a poet of the deliberate surprise, and certain it is that many of his verses would seem to be constructed out of an effort to be visually unique. He would glory in an artistic revolt, with the result that often he appears affected; his measures are but twisted presentations of old themes and it is the method that who is dead at the age of 85. What You Can Do to Solve Your Hay Fever Problem

By Dr. LEONARD K. HIRSHBERG.

A. B., M. A., M. D. (Johns Hopkins University.) Days of terment for hundreds of thousands of persons are at hand. On that day when you begin to sniffile, sneeze and wheeze and your eyes moisten you know you have hay

it has been discovered that 37 per cent of hay fever victims have relatives who siffer similar unjust visitations. Hay fever occurs in children, but three-quarters of the victims have it first about 20 or 30 years of age.

se bellen is not windblown, but insect-carried, do not appear to produce the over-sensitization of human tissues which expresses uself as hay fever. When such flowers, however, are taken by children or others and applied directly to the nostrils, the large quantity of pollen inhaled in this way inaugurates a state of "anaphylaxis" or susceptibility which starts a running nose, sneezes, asthma, watery, red eyes and other symptoms in an hour or so. This may not sub-

side for four days. Pale, weak, unhardened individuals, those weakened by illness, may be made susceptible to some flower's pollen. Generally, however, It is increased exposure.

Henceforth, when the particular pollens begin to wind-born, any air, enty or country, which contains them will start and maintain the attacks. It is not noted or frost which stops the attacks, but the gradual disappearance of the flowers. About four to six weeks is the period.

You, as a hay fever victim, must be like Mahomet. Either have some mountain or seashore free of your particular flower or grass come to you-or go to it. Either the pollen must be removed from you or you must remove yourself from it.

You must begin early in July to take poliens and immunization mixtures of pollens to vaccinate jourselt against the certain abomination. A diagnotic test to discover the particular kind of flower which is guilty is made by injection beneath the bkin. The causative agent is easily recognized by the large spot which becomes manifest Vaccines made of this plant are then employed to prevent further attacks,

Hay fever is a name of a great group of infections or rather susceptibilities of certain people to the extracts of plants and vegetation. There are a large number of grasses, flowers, rag weeds, fruit and vegetables which at certain seasons of the year, in spring for some people, in autumn for others, make them sneeze, give then water eyes, asth-

Pacific Nash Motor Co., San Francisco

Amouncement

THE PACIFIC NASH MOTOR CO.

In recognition of a long felt need, announces the establishment and formal opening of its Oakland Branch, 2740 Broadway, Oakland, California.

The Nash policy, based on that sound business principle of fairness and full co-operation, takes into consideration the fact that in any such business relationship there are mutual obligations to be met.

It goes farther than the mere selling of a N ash passenger car or truck. It contemplates adequate and satisfactory representation by each member of the sales organization of the policies of the Nash Motor Company.

The Pacific Nash Motor Company feels most keenly the extreme importance of so conducting its business that that large measure of Nash good-will already existing throughout this territory shall be permanently maintained.

This company feels a keen appreciation of the splendid manner in which the Tate Motor Sales Company have previously represented Nash Products in this territory, and to further uphold the good name of the Nash line, every facility has been provided in its new Oakland home for the rendering of prompt, efficient and courteous service at a minimum of expense to the Nash dealer or owner.

Big Free Drawing Tapscott Park

Monday (Labor Day) Sept. 6th

TAPSCOTT PARK, the hub of the city of Richmond, is at the function of Cutting Boulevard and Mucdonald Avenue, (the two main business streets of Richmond) and San Pablo Avenue, the one thoroughfure connecting the industries of Oakland, Berkeley, Richmond and the Contra Costa County shipyards and manufacturing plants.

Be sure to register at the big tent at Cutting Boulevard and San Pablo Avenue, Saturday, Sunday or Monday for drawing.

A business location on San Pablo Avenue, near Macdonald Avenue, will be given away ABSOLUTELY FREE.

Two fine residence lots on Cutting Boulevard, near the Berkeley Country Club will also be given away ABSOLUTELY FREE.

The drawing will take place between the hours of 4 and 6 on the afternoon of Labor day, Monday, September 6.

All that is necessary is that you register your name and address at the big tent. A little girl, selected from the crowd, will draw the name of the winner of the business property from the big box. A little boy, selected from the crowd, will draw the winning name for the residence sites. Names of purchasers in Tapscott Park since the opening of the big sale at \$1 down and \$1 a week will also be included.

No Interest or Taxes for 1 Year-10% Discount

Nearly \$500,000 has already been spent in improving Tapscott Park. Broad boulevards, well-paved streets, gas and electricity; sidewalks set well back from the curb—in fact, the finest property ever placed on the market at these terms and prices way below those asked for lots much less desirable.

Tapscott Park faces on San Pablo Avenue, sloping gently upward until a wonderful view of San Francisco Bay, the Golden Gate, San Francisco, Oakland, Berkeley and Richmond is obtained. Tapscott Park is the ONLY fine residence property immediately adjoining the business center of the city. The lots on sale include both business locations on San Pablo Avenue and beautiful homesites in the scenic part of the tract.

Remember that the profits made in real estate are made by buying at first prices.

These are the lowest prices ever offered on any improved, desirable, centrally located property in the West.

COUNCIL MEATS

Better Meats That Cost Less No Waste · Always Tender Ready-Cooked To Perfection

Pound for Pound Canned Meats are Cheaper

VERY time you buy uncooked meat you pay for bone, fat and skin that you can't eat. This waste runs from one-sixth to onehalf of the cost of the meat:

When a can of Council Meat reads "12 ounces," it means 12 ounces of prime solid meat, no bone, no fat, no waste-and the 12 ounces is the weight after it is cooked.

Every piece of meat packed in a Council Meat can is selected, fine, fresh meat. Council Meats are cooked and packed in big sanitary kitchens right out in the open farm country.

Don't spend a lot of unnecessary time in a hot kitchen over a hot stove. Buy your meat ready cooked and save yourself as well as your money.

There is a large assortment of Council Meats —they will provide breakfasts, dinners, luncheons, in wide variety—at a very little cost.

GARAGE

Note that the outlet for illumination has been placed on both of the side wells instead of overhead. This assures light, without shadows throughout the entire garage. These lights are controlled from a set of three way switches that are located, one at the entrance and the other at the exit. Either switch will turn them on,

A duplex plug on the power circuit has been placed on the wall over the workbench, to supply necessary tools and portable cord. The portable cord is heavily re-inforced and is supplied with a handle and heavy lamp guard, with hooks attached so that it may be hung on the car where light is needed.

The Electric Battery Charger fills the need of a simple efficient charging set for the private garage. It operates on any alternating current lighting circuit and needs no expert handling. The Electric Soldering Iron, also is especially adapted to work about the car as it stays hot as long as the current is on and is handy for reaching inaccessible places.

The utility motor is almost indispensible for doing odd jobs connected with car repairing.

JACK REEVES HANDS CANADIAN CHAMPION MAN-SIZED BEATING

Eddie Gorman and Joe Coffey Put Up Best Scrap of the Night; Malone-Jones Draw.

Which way was Mick King looking when Barrieau knocked him out?" asked one inquisitive fan at the auditorium last night, following the Barrieau-Reeves brawl. "If Barrican is the middleweight champion of Canada, then Frankie Denny is the champion of the world and the Texas Kid is the handsomest man out of the movies. The only way Barrieau could knock out Mick King would be to sneak up on the Australian in the dark and bang him over the head with a night stick."

And Mr. Fan was about right.

Frank fought a terrible fight—wanted to quit at the end of the third round after he had been twice knocked to after he had been twice knocked to the floor and gave an exhibition of helding that would have done credit. To the Santels and Londos and the other wrestling gentry. Just as soon as Barrieau discovered he could not hold Reeves' neck with his left glovo and yank his face into a right uppercut he knew he was through. There was no use in continuing and when the final gong did sound it listened like Souza's band to the Canadian champlon.

FINAL ARRANGEMENTS MADE FOR THE STATE GOLF CHAMPIONSHIPS

The record number of golfers entered for the California amateur championship for men and the Del Monte women's title event which get under way over the Del Monte and Pebble Beach courses Saturday will be pleased to know that plans are being definitely laid to get the players off the tee without any bothersome or patience-testing delay. Tournament Director Fred A. Purner has shaped up the preliminary work in such a way that everything! sliculd run smoothly and like clockwork.

one pleasing learure of the fourna-ment this year has been the organ-ized method employed in creeking entries. Entry blanks went out and some 200 golfers have already made entry. These names have been list-ed according to their state sectional and club handicaps and the commitand club bandicaps and the commit-tive has been funraished with a list with an idea of expediting the work completitees accordingly have every-thing before them to take up the work of the next details for the play.

It is expected that the drawings and pairings for the qualifying round which starts on Monday, will be made up and announced early Sunday. This will have the effect of inday. This will have the effect of informing each player what time he is scheduled to get off the tee, and will eliminate much of the confusion and the criticism of last year over the announcing of this important information only a few hours before the contestants were to play.

In order to start each player with despatch each couple will be given a starting number in addition to a starting time. These numbers with he displayed at the first tee as each couple drives and in this way the contestants will know just when their turn will come to be on deek.

minal company for permission to enter into a sub-leasse of the comwaterfront holdings Lawrence-Raynolds company was considered by the city council today and finally turned over to the department of public works for a report and recommendation next

An opinion on the issue was submitted this morning by City Attorney H. L. Hagan, declaring the protect the rights of the city and satisfy the requirements of company's lease. The land involved, however, according to Hagan, is not within the area in which sub-leases are permitted under the lease, the deficiency requiring the express authority of the city council by resolution approving and ratifying the sub-lease before it can be entered

Further transfer of funds from the city general fund to the Parr-McCormick Steamship Line Improvement fund was made by the council today under a resolution of Commissioner F. F. Morse, providing the Parr company with \$2115.48 in fax reimbursements.

CHICAGO, Sept. 1 — Wheat took an upward swing after a hesitating start. Selling pressure ceased when it became apparent that offerings were being absorbed quickly. Opening prices, which ranged from 4 deciline to 4 advance with December \$2.35 to \$2.35½ and March \$2.30½ were followed by a moderate general sag and then by a sharp rise to well above yesterday's finish.

Corn railled with wheat. After opening 4 to 51.17½, prices ecored fair seneral gains.

Cats were governed by corn, bull kept within narrow limits, starting a shade to 4c tower. December 56 kc. went down a little more, and then recovered.

Grocers are buying sugar variable servatively in spite of the \$3 decilne put into effect on Monday, according to officials of the Retail Grocers' Association. It is said that further decilnes in the wholesale price which will probably bring sugar down to \$15 a hundred are expected during September in spite of the fact that refiners say there will be no further declines in the price of sugar this month. By buying closely most retailers of the city were not caught with much sugar on hand when the big drop came.

NEW YORK, Sept. 2.— A gain of 6 points in preferred shares of the Cleveland. Cincinnati, Chicago and St. Louis roads at the opening of today's stock market pointed to a continuance of the recent broad buying movement in speculative rails. Other transportation stocks, were fractionally higher with several of the steels, equipments and oils, but trading was more contracted than at any recent more contracted than at any recent period. period.

Recent leaders, such as Replogle.

Vanadium, U. S. Steels, became more active at midday, gaming 1 to 2 points. Sentiment was favorably influenced by the decline of call money to seven per cent. Rails were less prominent, but yielded none of their advance.

Selling for profits reduced gains m ratis and steels later. This was partly offset by buying of coppers, shippings and utilities. The closing was arregular. Sales approximated 700

Strength One of Late Features NEW YORK, Sept. 2.—The Evening Sun financial review today said:

Copper Shares

Industrial and railroad shares alike were bid up in good form in today's session of the stock market. although most of the trading yolume was in the latter list. The market will close tomorrow afternoon and will not reopen until Tuesday next. Industrials were irregular and rails moderately. strong at the opening. The motors were firm but far from aggressive. Tobacco issues were vigorously pushed at intervals. Strength altimately in copper shares was one of the features of the late session. The railroad issues stood out strong in the bond department.

TERCENTENARY TO DEPICT LIFE IN PILGRIM DAYS

Plans for observing the Pilgrim tercentenary on October 29-31 were outlined last night at a meeting held at Chabot hall at the direction of J. B. Nash of the Oakland Recreation department. Representatives of many organizations were present and assurance was given that the churches, schools, business houses, clubs and civic bodies would join

in the celebration. Mrs. E. A. Hollington, who he t charge of dramatic work in the recreation department, outlined the plans of the pageant, which will; consist of fourteen episodes, each dealing with some period in Ameri-

The first episode will reveal Indian life and 500 people will take part. It will be followed by the very carly settlers and then by the epi-sode showing the arrival of the Pilgrims. Here scenes from the life of the Pilgrim fathers will be shown in detail, their homes, work and perils against the Indians. Miles Standish and his soldiers will be represented.

The Colonial episode will depict episode of great ances ors. Washington, the signers of the Declara-tion of Independence. Lincoln and the other heroic figures of American history will appear.

The final episode will be the

great harvest home festival in which America's people will be her land and the first Thanksgiving will be produced.

Glen H. Wood, head of the music department in the Oakland schools. will conduct a chorus of 1000 school children in the pageant and Paul Steindorff's orchestra will provide the music. Among the organizations repre-

sented at the meeting last evening or who piedged their support for the Tercentenary Celebration to Nash are: The Chamber of Com-merce, Merchants' Exchange, Plymouth Center, Y. W. C. A., Com-munity Service, Temple Sinai, Cap-'61, the T. and D., Native Sons Mothers' Clubs, Library Board Police Department, Boy Scouts, Campfire Girls, Technical high school, Rotary club, Kiwanis club and the Contra Costa Hills club.

ONLY three things are needed to keep your white canvas or buckskin shoes bright and clean: warm water, Ivory Soap Flakes and a nail brush.

The Ivory Soap Flakes makes a rich, cleansing, pure lather—instantly on touching the water. Put this suds on the shoes with the brush—rub briskly—and the dirt is gone.

Everything that is delicate or difficult to cleanse can be laundered best with Ivory Soap Flakes. You know it is absolutely harmless; it is delightfully easy; and it's so economical.
